

## **Welcome IMC Members and Guests !!!!!!!!!!!**

The purpose of the IMC Club is to promote Safety and Proficiency in our flying. Provide a support group to connect experienced pilots with less experienced to provide helping hands to our flying family in the IFR system. Our meetings are about learning from others & others learning from you. At our meetings we share our experience through organized hanger flying. We encourage pilots to get out and fly and have fun & enjoy Flying. We encourage both IFR and VFR Pilots attend.

### **Pledge of Allegiance**

### **Introduction of Guests and CFIs**

#### **Facilitators:**

**Tommy Fankhauser**, Comm, Single & Multi-Engine Instrument & IMC Coordinator

**Michael Barnett**, CFIA, Instrument and Charter Pilot

### **Safety Topic:** Pre-Flight Planning Part 1

**IFR Tip of the Month:** Here are some useful numbers for picking up your IFR Clearance and getting Weather briefings. You may already have these in your cell phone contacts list:

Clearance Delivery: 888-766-8267 (note: when no tower and no clearance delivery)

Weather Briefing: 800-992-7433

#### **Meeting discussion:**

1. Safety Moment: Door Popping open after takeoff. What do you do.
2. Program Tonight is Pre-Flight Planning part 1. Discussion facilitated by Mike Barnett.
  - a. Demonstration of Flightplan.com
  - b. Discussion of Setting up your airplane profile to file flight plan using ICAO format.
  - c. Necessity of looking up Notams, TFRs etc. for your flight.
  - d. Sharing of and General discussion of other methods and tools you use for Preflight planning. Let's Learn from each other....
3. Please Join EAA to take full advantage of the IMC Material. Join for \$30 this month instead of \$40.
4. Many EAA Local events coming up in October. Join the EAA Chapter online. It's \$25 a year. Lots of benefits and functions including this one. Your membership dues go towards paying for the meeting room.

**November 9th Meeting Topic:** Speaker/Presenter Angela Anderson Director of Marketing for ForeFlight. Avid Pilot and leader of June 2016 Webinar. Webinar Link on YouTube is

[https://youtu.be/jt\\_PBkzA610](https://youtu.be/jt_PBkzA610)

**Reference Material:** *(I will make this an ongoing collection of websites Please give me your input?)*

- 1) "Pilot Friend Website to reference & help build your Checklist. Also some other neat stuff.  
[http://www.pilotfriend.com/training/flight\\_training/nav/ifr\\_checklist.htm](http://www.pilotfriend.com/training/flight_training/nav/ifr_checklist.htm)
- 2) FAA Wings Program. Promotes safety in Flying.  
<https://www.faasafety.gov/default.aspx>
- 3) Flight training material. Subscribe and get emails with "Pilot Tip of the Week"  
<http://www.pilotworkshop.com/airmanship/airmanship-special/>
- 4) Training Resources and Guides for Students, Pilots and Instructors.  
[https://www.faa.gov/training\\_testing/training/](https://www.faa.gov/training_testing/training/)
- 5) Flight Plan Filing: FltPlan Go app for windows. Also for Androids, iPads and iPhones  
<https://www.microsoft.com/en-us/store/p/fltplan-go/9nblggh5ppw3>
- 6) Foreflight for flight planning, Filing, VFR and IFR Maps for Apple users  
<https://www.foreflight.com/>
- 7) "ATC Live" Get Live ATC Chat/Communications on your Apple, Android or windows device Free. I listen to DWH most of the time. Very Busy Airport.  
<http://www.liveatc.net/>
- 8) Weight and Balance: get Aviation W&B Calculator from the iStore or online.  
<http://www.aviationwb.com/>
- 9) "Flight Training Apps" Great Tutorial Videos for the instrument Pilot GNS 430W/530W Approaches, Setup, Enroute, Holds etc. not expensive but very informative. Some are Free.  
<http://www.flighttrainingapps.com/>
- 10) Professional Instrument Courses (PIC Inc.) Offers 10 Days of intense instrument training. Talk to Donn or Tom. See Avweb link below for testimony.
